INVESTIGATION OF CROOKED WORK IN BASE BALL GAMES

Chicago Grand Jury Finds Sufficient Evidence To Justify It Extending Its Session

COMISKEY SAYS JOHNSON DID NOT SHOW INTEREST

Rube Benton Tells of Pittsburgh Syndicate Raising \$100,000 For Throwing World Series

By The Associated Press. CHICAGO, Sept. 24.—The Cook county grand jury investigating alleged fixing of games in last year's world's series and charges of gambling by major league players has found so much convincing evidence of crooked work that it will not disband when its term expires, September 30, but will continue its investigation in a special session, it was announced tonight, after the jury had adjourned until next Tuesday.

The ramifications of the alleged gambling were so widespread it would be impossible to complete a thorough investigation during the regular session, Henry H. Brigham, said.

The jury has received evidence which indicates an attempt by a nationwide ring of gamblers to "pollute" baseball and ruin the great national game in the same way as the racing was killed and horse-racing was crucified. Mr. Brigham foreman said in a statement summarizing the work of the jury thus far.

Comparatively few players are implicated, however, said Mr. Brigham, only a "few weak minded and weak characterized men being preyed upon by the professional gamblers."

Simultaneously with Mr. Brigham's statement, came one of President Charles A. Comiskey, of the Chicago American League club, saying he had not had full support of President B. Johnson of the American League in his attempts to run down charges of crooked work by some players of his team. After seeing this statement, President August Hermann of the Cincinnati club, Chicago's opponents in the world's series, said "the knew position President Johnson had made an eager investigation."

President Johnson, when he testified before the grand jury Wednesday, told reporters he had "given the proof evidence which he believed proved that star players had attempted to "throw" games last year but had no evidence of such actions this year."

At statement attributed to President Johnson yesterday quoted him as saying he had received reports that gamblers who were said to have "fixed" last year's world's series, had threatened Chicago players implicated with exposure if they won the pennant this year and had told them they must lose in the present series with Cleveland. Chicago won yesterday, but was defeated today 2 to 0. Members of the team in Cleveland today characterized this report as foolish.

Jacob (Rube) Benton, New York National pitcher, in his testimony today related previous statements that a Pittsburgh gambling syndicate had raised \$100,000 which was paid to Chicago American players to "throw" games in the world's series.

It became known tonight that the players whose world series checks were held up last year by President Comiskey were Eddie Cicotte, "Buck" Williams, "Happy" Felsch, "Chuck" Weaver, Charles Risher, Joe Jackson, Chick Gandil and Fred McMullin. Gandil is no longer in the major leagues. Benton, in his testimony today, said he understood Cicotte, Williams, Felsch and Gandil had been approached by gamblers, mentioning a man named Hahn in Cincinnati, and that he "felt sure Cicotte could tell the names of the gamblers."

BIG POULTRY SHOW IS IN PROSPECT FOR PARIS

The Red River Valley Poultry Association met at the Chamber of Commerce last night and was attended by a representative membership who were enthusiastic over the coming poultry show to be held Thanksgiving week.

At this meeting work in earnest was commenced. A committee composed of Carl Condray and O. J. Parrish was appointed to secure a building, which to hold the show. Ray R. B. Curry was elected as the Secretary and the show was to be advertised in the various poultry journals announcing the dates and the premiums that will be offered.

The premium list for this year was also changed in many instances. The most cases more money being offered for a new feature adopted was for pens to be entered as singles and compete for pen prizes while singles are to be entered as singles and compete for single prizes only. This will be the first time that singles and pens have competed separately in this part of the state but all of the big shows are running their shows this way and the Red River Valley could do nothing else but follow in line.

Mr. Keeney added that "before this drastic action is taken, however, the association of coal miners in northern and southern West Virginia will be requested to use their influence to have federal soldiers removed from the state in order that tranquility may prevail."

The Larger The Vote The Easier Sale Of The Bonds

BOB CAPERS 37 South Twenty-Third Street.

I give my support to the bond issue to be voted on next week, because I am anxious to see the water mains extended in the city so that every one can have fire protection, and can have the use and comforts of water.

It will require a large sum of money to store enough water to properly care for our present population. The lake that is now in contemplation will furnish enough water to take care of a city double the present size of Paris, and that is the thing we should have.

Paris has grown steadily and we can confidently expect her to continue to grow. With a sufficient water system her growth will be accelerated beyond what it possibly can be without sufficient water.

I hope there will be a large vote and the bond issue will carry by a large majority, because the larger the vote and the larger the majority, the easier it is to sell the bonds and the better the price that can be realized from them.

Our Duty Is To Get Out The Full Vote On Tuesday

R. F. SCOTT First National Bank.

I believe the people of Lamar county are practically as one in the opinion that the water problem has been handled wisely by the City Administration.

The Administration's duty at this point ends and commences again only in the practical realization of the finished plan. The people's duty here begins—it is clearly a personal obligation that every man vote Tuesday and it is clearly his duty that he exert himself for the public good in seeing to it that every one with whom he comes in contact registers his vote.

Paris' prosperity is being consumed by the fire of inadequate water supply.

Let's smother the fire with votes.

SEVEN MORE CAME IN ON THE COX FUND

Lamar County Fund Is Climbing Toward The Mark Of Two Thousand Dollars

The news that there is being made in Lamar county an effort to raise a campaign fund for Cox, the democratic nominee for president, is spreading abroad. A Collier of Petty yesterday sent his check and promises more.

Judge Hutchison dropped in for a brief chat with the editor of The Morning News and left a dollar, stating that while it wouldn't offset that two million dollars the republicans have it would help some, and it will.

W. W. Bird came in with two silver dollars and Mr. McMurray said that he was called upon to contribute and he was followed by C. A. Day.

Another installment is being mailed to Chairman Ed McCusilton, as is noted below; and no doubt the chairman is going to feel cheered when the checks reach him.

HIGH PRICED SEED WAS FOR PLANTING PURPOSES

September 16 an item supplied by the Associated Press was published by the Morning News to the effect that a farmer named Garrett had sold a lot of cottonseed at Corpus Christi for \$45.00 a ton.

Inquiry brings the information from the cashier of the Corpus Christi Cotton Oil Company that Mr. Garrett did sell a lot of cotton seed for planting purposes at that price; and that some others who had an excess of planting seed got even better price; but that the mill had paid not more than \$25 per ton for gin run seed this season.

DIED WHILE VISITING AT HER SON'S HOME

The mother of Tom Manuel Emberson, who is employed on county road work in Commissioner Reed Griffin's precinct, died Thursday night at the home of her son. She had been staying with him and his family about three weeks and was taken sick while there. The funeral was held yesterday at Mt. Tabor cemetery. The family formerly lived near Petty.

TO MAKE REPAIRS IN AUDS CREEK BOTTOM

People who live at Lake Creek and on the south end of the Paris and Broadway road have made application to county commissioner A. C. Robertson to have the lower end worked and repaired through Auds creek bottom in order that they may be able to travel over it in the winter. Mr. Robertson will go over the road today to make an inspection and to arrange for immediate repairs.

LOCKWOOD LURID IN HIS TESTIMONY ON CONTRIBUTIONS

Directs Committee To Lead Which It Is Hoped Will Implicate Cox As Beneficiary

METAL PRODUCTS CHECK FOR 5 THOUSAND CITED

Told Employee That He Was Black-mailer And To Go To Hell. To The Committee

By The Associated Press. WASHINGTON, Sept. 24.—An implied charge that Governor Cox, democratic presidential candidate, had received in 1918, a concealed campaign contribution of \$5,000 from the Dayton (Ohio) Metal Products Company today, sent the senate campaign investigating committee off on a wholly new track.

On demand of democratic members of the committee inquiries were ordered, although the Ohio state campaign, it was agreed, was outside the committee's jurisdiction. Officials of the Metal Products Company and of the City National bank of Dayton were called to appear tomorrow with any papers relating to the transaction involved.

No direct charge was made. Citing as his authority an examiner for a house aircraft investigating committee, however, George B. Lockwood, editor of the National Republican, volunteered the statement as a "lead" which the committee might follow, that a certain check drawn by the Metal Products Company June 23, 1918, was "to pay a personal note of James M. Cox."

"The effort was to make it appear that this was an obligation that Mr. Cox had entered into with the City National bank of Dayton some time before," Lockwood said, "but it appears to me, from all the circumstances, that it must have been a contribution from this corporation to Mr. Cox's campaign fund."

Lockwood named E. M. Talbot, president of the Metal Products Company and of the bank as the witness who should be called and a message to Talbot was sent immediately.

Aside from this incident the committee ranged over a wide field of inquiry during the day. It heard volunteer statements from assistants to Attorney General Palmer, who were in San Francisco during the democratic convention, that they had traveled on official business which they said justified the expense accounts submitted and approved. It failed to find any similar accounts in the postoffice department, the district officer testifying that there were no trips to San Francisco for government expense reported for the convention period. It heard something of the industrial group organization plan of soliciting campaign funds employed by New York City workers for the republican National committee. It explored the financing of the soldier publication "Stars and Stripes" developing a possible connection between the paper and the democratic National committee.

It heard the charge made that the "American Legion Weekly" was controlled by the republican National committee. It listened to a charge that Senator Edge, New Jersey, a republican member of the committee, was in some way connected with a campaign against the "Stars and Stripes" and to an admission that charge had no basis but speculation and rumor. It heard in detail from the Lockwood of the financing of the "Republican National Weekly" and of the "Bulk" circulation methods by which the paper reaches employees at the expense of employers but without knowledge of the recipients of the employers' share in the matter; and it went deeply into the financing and activities of the league to enforce peace.

In addition the committee heard also from Lockwood that the documents presented by Senator Reed, which prompted his investigation of the National Republican were stolen from the files of his office in Ohio. An employee told him, he said, "that he had been offered a large sum" to "sell out certain material" and asked for "a certain amount of money," not to do it.

"I sent word to him that he was a blackmailer and to go to hell— or go to this committee," Lockwood added. Senator Reed said the papers had been referred to in the Chicago testimony of E. H. Moore and added:

"And they are here as evidence. They speak for themselves."

Lockwood said he had referred to the alleged theft of his papers only as "justification" for calling the committee's attention to the incident of the Metal Products Company and the Cox note. Senator Reed again said he would insist on going to the matter whatever the jurisdiction of the committee.

"We are ready to go to the bottom of it," Chairman Kenyon said.

THE PARIS NEWS

Published by North Texas Publishing Company.

Every Morning Except Monday

Entered at the Postoffice at Paris, Texas, as second-class mail matter.

COMMENTATORIAL

THE MORNING NEWS earnestly desires to impress upon the people of Paris the superlative importance—the absolute necessity—for not only voting favorably upon the proposition to issue a million dollars in bonds for the construction of a water system but for doing it unanimously.

Usually bond elections go by default. A few men repair to the polls and vote upon the bonds for various public enterprises. No particular effort is made to get out a large vote.

But in this instance it is different. It is not only desired that the bonds be voted by an overwhelming majority but it is also desired that the vote be large—that it embrace every citizen of Paris.

THE MORAL EFFECT of such a thing would be tremendous in the sale of the bonds.

The bond market is not a very good one just now and the foreign loans which are being offered in the market centers are at high rates of interest.

But if the Paris water bonds be offered at 5 per cent with the proof that there was a large vote and a tremendous majority for them they will successfully compete with any other bond now being offered for the reason that the purchaser will know that he is getting a gilt edged bond supported by the whole people of the community.

Such things have their effect upon bond buyers.

ANOTHER THING: For more than four years we of Paris have been pulling together for the building up of our city.

We have been going ahead at a lively clip principally because we combined our selfish personal interest with the good of the community; and if there were conflict between the selfish interest and the public the latter prevailed.

This, above all other times, is a moment when we should be a solid phalanx, a militant force for the continued growth of our city.

THE GROWTH OF CITIES is no particularly attractive matter to the student of sociology. A strong effort is being made to decrease the number of great cities and the smaller towns in favor of homes upon the farm—and it is a worthy movement which will gather force as we reason this matter of production of food and of essentials to a conclusion of the ultimate good of all of us.

For this reason the cities which are laagerd now will not have the same opportunity in other years.

Paris is engaged upon a campaign of making one great community of the whole of Lamar county; and in that it is in advance of many other

cities which are not so fully aware of the trend of the times.

That gives us a great advantage in our ambitions for we have sensed what is coming and have already adopted the policy.

SHOULD WE FAIL to provide for the water supply essential to building our city, then we must be content with being a good county seat town and surrender our metropolitan ambitions despite all of our geographic and other advantages.

With the water system provided for, we can proceed with our campaign for the development of Lamar county upon the broad plan which has been laid out.

THAT CAMPAIGN is necessarily based upon Paris affording facilities to the producers of Lamar and adjoining counties for marketing their products, no matter whether it is sweet potatoes or cream, alfalfa or beef, cattle, honey or poultry.

We have already provided facilities in the way of marketing all of the poultry and eggs, the milk station affords a place for the cream and the milk, the sweet potato curing plant is sufficient for that and a few other crops; the compress and the oil mills care for cotton; but we have still to provide some other facilities in the way of firms and companies which will pay cash for products; and unless we get the water we shall have a hard time keeping what we have much less in inducing others to locate here.

TO REITERATE: We have had a fire and we know what it means. We have had a drought and we know what that means. We know that the plans for a water system will insure us against both these calamities so far as it is humanly possible to do so; and we know that the cost of this insurance will be small because we shall save in indirect taxation in many ways and also that we shall have help in paying for it through increased population.

LEGISLATURE WORKS ON SEVERAL MEASURES

By The Associated Press

AUSTIN, Sept. 24.—No definite action was taken today by the Texas legislature upon either the suffrage bill or the governor's bill proposing more stringent laws relating to industrial troubles at ports.

The senate adjourned until tomorrow without taking them up. The house committee considering the port bill agreed upon an amendment to reduce the penalty for violation of the proposed act from a felony to a misdemeanor with a penalty of not less than \$100 or more than \$1,000 fine or less than two months or more than twelve months jail sentence or both and adjourning after asking that a member of the attorney general's department appear tomorrow to explain sections of the bill. The subcommittee appointed in the house to draft a suffrage bill did not complete its work today.

Three bills proposing divorcement of packeries, cotton gins and cotton oil mills along lines of other anti-trust legislation of the state were reported favorably in the house. The house adjourned to Monday and the senate to tomorrow morning.

WHITE SOX DEFEATED IN SECOND OF SERIES

AMERICAN LEAGUE

Indians Defeat White Sox. CLEVELAND, Sept. 24.—Walter Mails, Cleveland's left-handed pitcher, was too much for the Chicago White Sox today and they lost their opportunity to take the lead in the American league championship in this series by losing to the Indians 2-1. Chicago is now on one half game behind the Indians and were they to win tomorrow's game they would be one half game behind the Indians. Mails allowed only 2 hits and struck out six men.

SNAPPERS FINAL GAME FOR SUNDAY AFTERNOON

The Snappers will tackle the fastest ball nine that has visited Paris this season when they go up with White Wright Sunday afternoon in what will be the final game of the 1920 season. The White Wright club will be composed of a bunch of professional men, most of whom saw service in the new West Texas league this year, and Ringer, the sensational young shortstop, who played with Dallas all season and made a most enviable record.

The White Wright battery will be from Ranger, the club that played Abilene to a standstill in the latter part of the season, while Tate, Neely, Fuller, Love, Montenegro, and other professional or semi-professional material will round out a cocking good ball club. It will undoubtedly be the fastest club that has been here this year, and will more than likely be the fastest game of the season.

Snapp will have a powerful ball club to combat the invaders. The Snappers will pin their faith on Lefty Phillips and his good left arm to bring home the bacon.

YOU NEED PRICKLY ASH BITTERS For Drowsiness In The Day Time

Dick Crittenden is expected to be in Paris he last of the week, and if Richard the Great shows up, he will be assigned to back-stop duty. Crittenden piloted the Drawnright club in the Western Association this year, and did well. If Crittenden don't show up, Lemaster will do the catching, and the fans all know what Lemaster can do. M. Coyle is none better. Coyle is getting along in years, but is still there, and is the class of the first basemen that have performed here. Snapp will hold down the middle sack, guarding for the hot corner in N. Coyle, a veteran of many a hot baseball campaign. Lefty Miller, old time snapper, but who has been on the pennant winning Abilene club this year, will be in left. Bob only hit 325 in the West Texas this season, and otherwise played a whole of a game. Jackson will be in center and Nick Shaw in right, constituting a ball club that will be hard to down.

PANTHERS GET 11 HITS BUT CAN'T WIN GAME

LITTLE ROCK, Sept. 24.—The Little Rock club of the Southern Association and Port Worth, champions of the Texas league, went ten innings to a 2 to 2 tie that was stopped by darkness today. This leaves the series still 2 to 1 in Port Worth's favor. Whitaker, in the box for the Texans, allowed but five hits while the visitors got 11, including three doubles, off the left handed pitching of the veteran, "Rube" Robinson of the Travelers. Superior fielding and base running by the home team enabled them to stave off defeat.

Port Worth tied the score in the eighth and would have won but for Williams' slow base running.

"DESERVES THE CREDIT" SAYS MEMPHIS WOMAN

Mrs. Maude Miller Says Tanlac Has Made Her a Perfectly Well Woman Once More.

"Tanlac acted altogether different from other medicines I have taken, for it went right after my troubles at once, and now after taking only three bottles I am a well woman," declares Mrs. Maude H. Miller, 641 Dempster street, New South Memphis, Tenn.

"About three years ago I began suffering from stomach trouble, which continued to grow worse until at times it seemed like I could not live. I had indigestion so bad I could not eat a single thing without it hurting me, and my liver was very inactive. After every meal I would bloat up with gas until I could hardly breathe, and my heart acted so queerly that at times I was actually frightened. I was extremely nervous, could not

stand the least noise around me, and it was simply impossible for me to get good nights sleep. I felt tired and worn out all the time, and was so badly constipated I had to continuously take something for this as well as my other troubles.

"Some of my friends and relatives had taken Tanlac with such fine results I decided to try it myself. Well, sir, I now have a splendid appetite, can eat just anything I want and never have a sign of indigestion. My liver is active, my nerves in fine shape, I sleep well and have regained my strength so that I can do my housework with greater ease than in years. To tell the truth, there has been such improvement in my condition I am actually surprised at it and as Tanlac deserves all the credit I can never say enough for it."

Tanlac is sold in Paris by Mayes Drug Store, in Blossom by J. D. Dicksey & Son, in Roxton by City Drug Store, in Howland by K. B. Burgess.

MEDICATED SMOKE DRIVES OUT CATARRH

Pleasant and Easy to Use.

Dr. Blosser is the originator of a certain combination of medicinal herbs, flowers and berries to be smoked in a pipe or ready prepared cigarette which is meeting with unusual success in catarrhal troubles. The smoke-vapor reaches all the air passages of the head, nose and throat. As the disease is carried into these passages with the air you breathe, so the antiseptic, healing vapor of this remedy is carried with the breath directly to the affected parts.

This simple, practical method applies the medicine where sprays, douches, ointments, etc., cannot possibly go. Its effect is soothing and healing, and is entirely harmless, containing no cubebs, tobacco, or habit-forming drugs. It is pleasant to use, and not sickening to those who have never smoked. If you are a sufferer from catarrh, asthma, catarrhal deafness, or subject to frequent colds, you should try this remedy without delay.

Any well-stocked drug store can supply Dr. Blosser's Remedy in cigarettes or powder for smoking in a pipe, or will order it for you. Satisfaction results guaranteed by a genuine money-back offer. A trial package will be mailed post-paid to any sufferer for ten cents (coin or stamps) by the Blosser Co., DL 28, Atlanta, Ga., to prove its delightful and remarkable effectiveness.—(Adv.)

DIVORCE SUIT CONTINUED BY THE DEFENDANT

In the 62nd district court yesterday morning the divorce suit of W. R. Hathaway against Mrs. Ida Hathaway was called up and continued for the term on application of the defendant.

This was the case in which the defendant filed an answer and cross-bill recently in which she made application to the court for the appointment of a receiver to take charge of community property consisting of cash money to the alleged amount of \$10,000 pending the disposition of the case.

The court granted the application and appointed a receiver, but the plaintiff failed and refused to turn over the money to him.

He was required to give bond to appear in court the next day and show cause why he should not be fined for contempt. The next day the plaintiff forfeited the bond by failing to appear.

It was claimed that he left the city and that he has not yet returned.

TO FASTEN RESPONSIBILITY FOR CARNIVAL WRECK

Federal officials and Texas and Pacific railroad officials spent yesterday and Thursday afternoon making an investigation with the view to ascertaining who was to blame for the

wreck of the carnival train between High and Brookston last Sunday night in which one man lost his life and others sustained bruises. Bonham was selected as the place to hold the inquest on account of the carnival people being there this week and easy to reach. Arthur Rohatch, the car inspector in the yards here, went to Bonham to testify Thursday and Joe Denton, assistant to the inspector went yesterday.

REDUCTION OF PRICES EXTENDED TO WHEAT

New York Cotton.
NEW YORK, Sept. 24.—Reports that the threatened strike of British coal miners had been postponed for a week and that the dispute was likely to be settled, failed to prevent a further decline in the cotton market today. December closed at 23.25 with the general list closing steady at a net advance of 7 points on July but 15 to 20 points lower on other positions.

New Orleans Cotton.
NEW ORLEANS, Sept. 24.—Except for a short period of advance in the early trading the course of prices in the cotton market today was toward lower levels and in a decline. The main reason for the decline was the weakness of the interior spot markets. The lowest prices of the day came toward the close, following a cablegram to the effect that there had been a hitch in the issuance of the notice postponing the strike.

Fort Worth Livestock.
FORT WORTH, Sept. 24.—Cattle 2400; 15 to 20 lower; calves 4.00 to 4.50; hogs receipts 1600, 15c higher; light 15.25 to 16.25; heavy 15.50 to 16.15; sheep receipts 100; steady; lambs 7.00 to 12.00; yearlings 9.00 to 10.00.

New York Coffee.
NEW YORK, Sept. 24.—The market for coffee futures opened at a decline of 10 to 15 points with October, 24.00, and December, 24.00, closing at 23.25 and 23.25, respectively. The market was quiet, with a few scattered orders.

New York Sugar.
NEW YORK, Sept. 24.—The local market for raw sugar was somewhat unsettled today and while prices were unchanged, there seemed to be a little more disposition to sell.

Cottonseed Oil.
NEW YORK, Sept. 24.—Covering operations held nearby deliveries of cottonseed oil steady while forward months shared in the general depression overshadowing other commodities markets. Sales 8,300 barrels; tenders 100 barrels; prime crude 11.00; prime summer yellow spot closed at 13.00; 100 lb. Dec. 12.25; March 12.45; Prime winter yellow and summer white nominal.

New Orleans Rice.
NEW ORLEANS, Sept. 24.—Rough rice, no sales; receipts 13,000 sacks; millers receipts 3,815. Clean rice steady, sales Honduras 4,427 pockets; 3 1/2% Japan 150 pockets; 3 1/2% Louisiana Pearl 1,450 pockets; 3 to 3 1/2% Louisiana Pearl 200 pockets; 3 1/2% Carolina 1,625 pockets; 2 1/2 to 3 1/2% receipts none; bran and polish unchanged.

Chicago Grain.
CHICAGO, Sept. 24.—Shading of prices extended to wheat today and resulted in a spectacular rally on the board of trade. The market closed with 15 1/2 to 12 1/2 net lower with December 22 to 22 1/2 and March 21 1/2 to 21 3/4. Corn lost 1 to 2 1/2, oats 1/2 to 3/4, soybeans 1/2 to 3/4, and provisions were down 2 1/2 to 2 3/4.

London Market.
LONDON, Sept. 24.—The market for raw sugar was somewhat unsettled today and while prices were unchanged, there seemed to be a little more disposition to sell.

Texas Lady Suffered With Pulling and Aching Pains in Her Back, Which Cardui Relieved.

Houston, Texas.—Mrs. C. D. Cook, of 1912 Whitty Street, this city, recently said: "About four months after my marriage, I . . . began suffering much pain, and knew that my condition was unusual, but couldn't just decide what was wrong. I had to go to bed. . . .
"All across my back and hips were pains, pulling and aching until I could hardly sit up. I stayed in bed a few days. My husband had heard of Cardui . . . so I told him he might get it.
"After I had taken Cardui a few days, I was up. I took five bottles and haven't been in bed since for this trouble, for if I have the least symptoms of this trouble I get Cardui and take it in time.
"I have a number of friends who have used Cardui, and they recommend it very highly."

BIDS RECEIVED AND BEING TABULATED BY ENGINEER

The Permanent Roads Board met in the county convention yesterday morning to open bids for the construction of highways Nos. 5 and 19 the contractors to whom the work had formerly been awarded having declined to sign up the agreement. Bids were received as follows:

The Smith Bros. & Healy Construction Company of Dallas bid on all concrete drainage structures and to do all the construction work on the entire work advertised but not to furnish any surfacing materials. The Burks-Willis Company of Jacksonville, Texas, bid on a portion of the grading, placing the surfacing only of highway No. 19.

The McCall-Moore Company of Waco bid on all of the drainage structure only.

The A. D. McClain Company of Houston bid on a portion of the drainage structures.

After the bids had been read the board adjourned until 10 o'clock this morning in order to give the engineer time to make the final tabulation.

FINE TRAVELING BAG STOLEN FROM OFFICE

The office of A. W. Mayes over Mayes' Drug Store on east side of the plaza was burglarized on Wednesday night and a fine traveling bag that cost about \$35 was taken.

The burglar didn't appear to have been after anything else in the room, as the traveling bag was the only thing that was missed. A lot of papers and other things that it contained were emptied out on a table.

Mr. Mayes also had a nice new suit of clothes in the room and a good new hat, but they were not disturbed. He had locked the door when he left the room and when he returned after the burglary it was locked. It had been opened with a skeleton key.

Diarrhoea Quickly Cured.

"I have used Chamberlain's Colic and Diarrhoea Remedy many times during the past four or five years," writes H. L. Widger, Earlville, N. Y. "I have been subject to frequent attacks of diarrhoea and this remedy always affords me immediate relief." When troubled with diarrhoea give it a trial. It has a great reputation for its cures.

Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown. Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out all impurities about twice a year. It is an excellent idea to take this precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young.
